Dear Brett,

As discussed, Haunui Farm would be happy to offer the successful purchaser of Lot 463 Tavistock – Full Of Spirit, the following agistment terms in light of the current travel restrictions in place for horses.

If the filly was to be purchased by an Australian/International buyer where the filly would be transported to Australia as soon as border restrictions allow, Haunui Farm would cover all agistment, drenching and standard farrier costs for up to 90 days.

If the filly was to be purchased to remain in New Zealand, we would cover the same, until such time as the restrictions are lifted and the filly can be transported within New Zealand.

Any veterinary treatment due to injury or illness would be at the cost of the owner.

Yours sincerely,

Shannon Taylor
